

25-lb bag of Cone 10 Clay

- pick type based on specifications below

Class / Project	Clay Type - CONE 10	Reason
Hand-building & Throwing	Soldate 60 <u>or</u> Rod's Bod <u>or</u> LB Blend <u>or</u> B-Mix with Sand <u>or</u> B-Mix Cone 10 <u>or</u>	Clays with grog or sand are stronger for hand-building. B-Mix is a smooth, white clay. The others are tan colored.
Tiles	B-Mix Cone 10 B-Mix with Sand	B-Mix is smooth for details and white for color, B-Mix with sand is strong for larger tiles.

Required Materials and Tools:

- 1 Pottery Tool Kit (see picture)
- 1 small empty, clean plastic container with a lid for storing slip (ex. a recycled 8oz sour cream container)
- Dust Mask to be used when sanding bisque
- Closed toe shoes for safety when on-site

Optional Tools:

- 1 Sure Form (rasp) for trimming leather hard clay (see picture)
- 1 zip-lock bag or tumbler/mug to hold tools
- Apron or old t-shirt to help protect clothing
- Hand towel
- Strong bag clip to keep clay bag sealed
- Stamps and items with texture to press into the clay

Additional Virtual Materials

- Rolling pin – can usually be found at 2nd hand stores
- Small bowl of water to use with the sponge
- Thin plastic to cover work in progress. Thin material to cover work to slowly dry.
- Pencil
- Canvas covered board or similar item to prevent clay from sticking to the work surface
- Old fork for scoring clay
- Water spray bottle

Drop Off:

Virtual classes include contactless drop off for firing and socially distanced glazing. Your instructor will communicate these dates to you on the first day of class and through email.

Please bring with you:

- Box for transporting clay projects
- Soft towel or piece of foam for the bottom of box to protect work.

Please contact us if you require assistance dropping off your work.
